BWP obtained control of its subsidiary trusts, NPR Trust No. 1, NPR Trust No. 2, NPR Trust No. 3 and NPR Trust No. 4, on 28 March 2024, therefore the results presented for 1H FY25 are for the consolidated group.

OVERVIEW

The six months to 31 December 2024 reflected continued portfolio momentum focused on further optimisation of the portfolio and profitable growth. BWP's primary focus areas during the half included progressing the repurposing of ex-Bunnings properties, filling any vacancies, progressing and completing store upgrades, extending existing leases with Bunnings through the exercise of options, completing market rent reviews, and the continued rollout of energy efficiency improvements at Group properties.

Portfolio optimisation

In optimising the portfolio, the Group recorded like-for-like rental growth of 3.3 per cent, five Bunnings market rent reviews were completed achieving a 2.7 per cent average increase, the weighted average lease expiry of the portfolio increased to 4.4 years (from 3.6 years at 31 December 2023) and occupancy increased 1.3 percentage points to 98.7 per cent. Bunnings also exercised nine lease options expiring during the half, with the Northland (VIC) lease not exercised. The Trust continued to make good progress in the repurposing activities in the reduced number of stores vacated by Bunnings, including the current sales process for Port Kennedy (WA), and development application lodgements and leasing campaigns advanced for Noarlunga (SA), Fountain Gate (VIC) and Northland (VIC).

Profitable growth

In support of profitable growth, agreement was reached with Bunnings (subject to development approval and completion of legal documentation) for a \$14.0 million expansion of the Pakenham (VIC) warehouse and an agreement was also reached with an unrelated third party tenant for a \$11.0 million redevelopment and car showroom expansion at Midland (WA).

Portfolio renewal

Specific to portfolio renewal, the Port Kennedy (WA) divestment was advanced during the half, with sale completion expected in the second half of the 2025 financial year. During the half-year, a non-deal Asian debt roadshow was undertaken to further enhance investor engagement to assist in funding BWP's operations over the medium to long term. Increased engagement with the large format retail sector was another key focus area to support customer store network expansion activity, including BWP site repurposing collaboration (Noarlunga (SA) and Fountain Gate (VIC)).

FINANCIAL RESULTS

Total income for the period was \$100.6 million, an increase of 22.2 per cent over the prior corresponding period. The \$18.1 million increase in rental income was largely due to the acquisition of NPR Property REIT ("NPR") in March 2024, together with annual rent increases.

Finance costs of \$17.2 million were 63.7 per cent higher than the prior corresponding period, largely due to a higher level of average borrowings. The average level of borrowings was 58.0 per cent higher than the prior corresponding period (\$793.9 million compared to \$502.4 million), which was largely due to the NPR debt assumed as part of the acquisition.

Other operating expenses increased from \$5.6 million in the prior corresponding period to \$6.7 million in the current period, mainly due to increases in property outgoings related to the NPR assets, increased land tax payable and increased insurance costs.

Net profit for the period was \$157.1 million, after including \$91.0 million of net gains in fair value movements. This compares with net profit for the prior corresponding period of \$53.2 million which included unrealised losses of \$4.2 million in fair value movements. Net profit excluding fair value movements was \$66.1 million for the period, being an increase of 15.0 per cent from the prior corresponding period.

At 31 December 2024, the Group's total assets were valued at \$3.7 billion, with unitholders' equity of \$2.8 billion and total liabilities of \$0.9 billion.

The underlying net tangible asset backing of the Trust's units increased during the period, from \$3.79 per unit as at 30 June 2024, to \$3.92 per unit at 31 December 2024, reflecting the unrealised gains on revaluation of investment properties.

For the half-year the Trust reported a distributable amount of \$65.6 million, an increase of 13.3 per cent from the previous corresponding period.

An interim distribution of 9.20 cents per ordinary unit has been declared, an increase of 2.0 per cent from the previous corresponding period (9.02 cents per unit). The interim distribution will be made on 26 February 2025 to unitholders on the Trust's register at 5:00 pm AWST on 31 December 2024.

PROPERTY PORTFOLIO

Extension of lease with Bunnings

In December 2024, the Group entered into a new 10-year lease with three, five-year options exercisable by Bunnings at Scoresby (VIC) following completion of car park works costing \$1.4 million. The annual rent will increase by the Consumer Price Index ("CPI") with market rent reviews every 10 years. There are no caps or collars on CPI or market rent reviews.

In December 2024, the Group agreed to an early surrender of the existing Bunnings lease at Northland (VIC) and entered into a new three-year lease, with a five-year option, with an emerging retailer. Work continues on the rezoning of the property.

At Fountain Gate (VIC) the Group has agreed to a 5.5 month lease extension with Bunnings post its lease expiry in January 2025. The short term lease extension will allow time for the Group to finalise both the design and planning approval for the redevelopment of the property for large format retail.

Occupancy and Average Lease Expiry

At 31 December 2024, the portfolio was 98.7 per cent leased with a weighted average lease expiry term of 4.4 years (30 June 2024: 3.8 years, 31 December 2023: 3.6 years).

RENT REVIEWS

The rent payable for each leased property is increased annually, either by a fixed percentage or by CPI, except when a property is due for a market rent review.

Annual Escalations

Rental growth of 3.4 per cent per annum was recorded for 74 of the Group's leases which were subject to annual fixed or CPI reviews during the period. The rental growth achieved included weighted average increases in annual rent of 3.9 per cent for the 24 CPI reviews and 3.0 per cent for the 50 fixed reviews.

Like-for-Like Rental Growth

Excluding rental income from properties acquired, upgraded or vacated and re-leased during or since the previous corresponding period, rental income increased by approximately 3.3⁴ per cent for the 12 months to 31 December 2024 (compared to 4.8 per cent for the 12 months to 31 December 2023).

REVALUATIONS

During the half-year, the Group's entire investment property portfolio was revalued, with property revaluations performed by independent valuers for 13 properties (11 properties in the prior corresponding period). The remaining 69 properties were subject to directors' revaluations.

Following the revaluations, the Group's weighted average capitalisation rate for the portfolio at 31 December 2024 was 5.43 per cent (30 June 2024: 5.54 per cent; 31 December 2023: 5.53 per cent).

The value of the Group's portfolio increased by \$96.4 million to \$3,641.0 million during the half-year largely reflecting unrealised gains of \$93.2 million, in addition to capital expenditure of \$4.7 million and adjustments for the straight-lining of rent and capitalised interest of \$1.5 million.

⁴ The unresolved market reviews at 31 December 2024 are not included in the calculation of like-for-like rental growth.

CAPITAL MANAGEMENT

The Trust's debt facilities as at 31 December 2024 are summarised below:

The weighted average duration of the facilities as at 31 December 2024 was 2.3 years (31 December 2023: 3.1 years). The Group's gearing ratio (debt to total assets) as at 31 December 2024 was 21.4 per cent (30 June 2024: 21.5 per cent, 31 December 2023: 17.1 per cent) which is at the lower end of the Board of BWPM's preferred range of 20 to 30 per cent. The lower gearing provides flexibility for the Group to take advantage of investment opportunities to create long-term value when they arise.

The Group has a policy of hedging the majority of its borrowings against interest rate movements. As at 31 December 2024, the Group's interest rate hedging cover was 52.4 per cent of gross borrowings, with \$412.5 million of fixed rate corporate bonds and interest rate swaps against gross borrowings of \$787.8 million. The weighted average term to maturity of hedging was 1.4 years (30 June 2024: 1.8 years, 31 December 2023: 3.0 years).

OUTLOOK

For the balance of the 2025 financial year BWP will continue to focus on optimising the portfolio whilst remaining active in assessing opportunities to grow the portfolio that create value. This activity will focus on reinvesting in the core retail portfolio to support tenant optimisation plans, acquiring accretively to grow the core portfolio and partnering with tenants to potentially, over time, participate in adjacent parts of the retail value chain.

Rent reviews are expected to contribute incrementally to property income for the half-year to 30 June 2025, with 73 leases to be reviewed to CPI or by a fixed percentage increase during the second half (77 completed in the first half). In addition, nine⁵ market rent reviews of Bunnings Warehouses are in the process of being finalised and are expected to be completed during the second half.

In renewing the portfolio, the Group will look to recycle actively by potentially divesting non-core assets, including the completion of the divestment of the Port Kennedy (WA) site, and reinvesting in growth initiatives to complement its core portfolio. Maintaining a strong and flexible balance sheet will be a key focus, including the potential refinancing of medium-term bond maturities and the broadening of debt providers (type and geography).

Subject to there being no major economic disruptions, the Trust provides distribution guidance of 9.46 cents per unit for the second half of the 2025 financial year. Capital profits may be utilised to support the distribution.

⁵ Three relating to FY24 and six relating to FY25.
